

Cynthia G. MacKenzie, D.V.M.

Equine Technical Services Veterinarian

Dr. MacKenzie is an Equine Technical Services Veterinarian for Luitpold Animal Health. In this role, she provides continuing education to equine practitioners, horse owners and veterinary students, composes technical literature, conducts field trials and responds to the concerns of veterinarians and their clients. She received her Doctor of Veterinary Medicine and Bachelor of Science degrees in biomedical science and veterinary medicine from Texas A&M University.

Prior to joining Luitpold Animal Health, Dr. MacKenzie worked for Merck Animal Health as a Sr. Equine Technical Services Veterinarian and as Associate Director of Learning and Development. While at Merck, she co-founded the Unwanted Horse Veterinary Relief campaign which provides vaccines to qualifying equine rescues. Dr. MacKenzie was also in private practice as a veterinary associate for Mark Secor, D.V.M, Inc., in San Juan Capistrano, CA, and at Rood & Riddle Equine Hospital in Lexington, KY. Additionally, she was the resident veterinarian for 700 horses at Lane's End Farm in Versailles, KY.

Dr. MacKenzie has published in the *Journal of American Veterinary Medical Association*, the American Association of Equine Practitioners (AAEP) Proceedings and Current Therapy in Equine Medicine, Edition 5.

Active in several national organizations, such as the American Veterinary Medical Association and AAEP, Dr. MacKenzie is a strong advocate for the horse and for veterinary medicine. She is also a member of the Indiana Veterinary Medical Association and Christian Veterinary Mission (CVM). In previous years, Dr. MacKenzie has participated in numerous CVM trips to Nicaragua to teach sustainable agriculture and veterinary education to health care promoters in remote areas of the country.

Dr. MacKenzie is married and lives in Fishers, IN with her husband, Stephen MacKenzie, three stepchildren, Jessica, Stephen and Daniel and yellow Labrador Retriever, Lily.
